Issue: Accepting Invalid email address for signup

The screenshot shows the 'My account' page on toptenmartltd.com. The page has a red header with the phone number +88 01959 000 111, links for 'FIND A STORE' and 'TRACK ORDER', and social media icons. Below the header is a search bar and a home icon. The main content area is titled 'My account' with a breadcrumb 'HOME / MY ACCOUNT'. There are two columns: 'REGISTER' and 'LOGIN'. The 'REGISTER' column has fields for 'Username *' (filled with 'Aladin Ali'), 'Email address *' (filled with 'ashrafulakif3939@gmail.com' and highlighted with a red box and an arrow), and 'Password *' (filled with '.....'). Below these fields is a green 'Medium' button and a paragraph of text: 'Your personal data will be used to support your experience throughout this website, to manage access to your account, and for other purposes described in our privacy policy.' At the bottom of the 'REGISTER' column is a red 'REGISTER' button. The 'LOGIN' column has a paragraph of text: 'Registering for this site allows you to access your order status and history. Just fill in the fields below, and we'll get a new account set up for you in no time. We will only ask you for information necessary to make the purchase process faster and easier.' Below this text is a grey 'LOGIN' button. A red circular chat icon is visible in the bottom right corner.

Description:
